Fast Phrasals

The Beach
We're going to the beach on Saturday. Are you up for it?

Sure! Cool!

We need to be there before 10am in case there's traffic.

I'll go to yours, lazy, and you two at 9.30, OK?

Fine. We'll be ready.

Can I go this? Hmmm, I could do with a new hat...

We should check the shopping list again, to be sure.

Can we have the car! It's my brother's half of this?

Oops! It's half past ten already...
Don't worry, man! It's cool! I'll do it.

We'll need to stop at a petrol station soon and fill the tank.

I'm a patient man, but I don't think I can stand the singing much longer...

Don't eat in the car, man! You're doing it! My brother'll...

Don't worry, man! It's cool! I'll do it.

We're out of petrol and the engine's so hot it's going to explode. Fantastic.

Here! We can walk to a petrol station while the engine cools down.

Oops... Lazy, you're going to have to call for help.

I've run out of money, I spent it all on food. Have you got any for petrol?

I've run out of battery...
You're back late! What happened?

Oh dear! Would you like a cup of tea?

The car. We've walked for hours and it tomorrow... I'll take that as a 'no'.
