What kind of homes will we live in in the future? What kind of technology will we have? Watch this video for a glimpse of the homes of tomorrow.

1. Preparation: matching
Match the vocabulary with the correct definition and write a – f next to the number 1 – 6.

1. an experiment a. a useful tool that uses new technology
2. a housemate b. a test to find out how well something works
3. to evolve c. most recent or newest
4. a gadget d. to change and improve the design of something over time
5. a control panel e. someone who shares a house with you
6. latest f. a set of buttons which can operate a machine or a system

2. Check your understanding: multiple choice
Circle the best words to complete these sentences.

1. In the first house shown in the video, the shower water is heated by electricity / wind energy / solar energy.
2. These houses are experimental / for sale / real people’s homes.
3. The technology in these houses helps them make more efficient use of energy / water / space compared to ordinary houses.
4. There’s a card scanner / fingerprint scanner / retina scanner to open the door.
5. When it’s hot, the windows / curtains / shutters close automatically.
6. The chair also contains books / food and drink / toys.
3. Check your understanding: matching
Match the two sentence halves and write a – f next to the number 1 – 6.
