- Man:** Hello? Is anybody there? Where am I? Ah, so hot ... Somebody! Anybody!!! If only I wasn't alone on this infernal island. Hang on ... is that ... oh, thank T4! I'm saved!
- Nga:** Are you alright?
- Man:** Er, I've been shipwrecked, I've been shipwrecked and I'm alone, and I'm hungry and I'm thirsty and I don't know what to do.
- Nga:** This is your lucky day. I happen to be a survival expert.
- Man:** Oh, fantastic! Yeah, I'm actually, er, pretty peckish if you could sort me out with some grub.
- Nga:** Ok, let's go and feed you with something.
- Man:** Thanks. Nice, er, leaves, by the way!

Survival guide: how to find a snack

- Man:** So, I feel like a little bit of protein. I was thinking maybe we could catch some fish or something.
- Nga:** I have the easiest fish to catch. It's just around here.
- Man:** A fish?
- Nga:** Yeah.
- Man:** Where?
- Nga:** Right here.
- Man:** Snails!
- Nga:** Yeah. So, what we're going to do is we crack it open. You got a couple?
- Man:** Yeah, yeah, yeah ... These look particularly delicious ...
- Nga:** Just crack it open, like that. Don't crush it too much, or else you lose food, right? There you go! Look at that.
- Man:** Oh, it's sort of, just like, pus!
- Nga:** Yeah.
- Man:** There you go. Ha! Look at him! Still alive, this guy. Just about to pop this, er, in my mouth. I'm going to, erm, eat this, this thing. There's a lot of shell. A lot of shell there.
- Nga:** How does it taste?
- Man:** Really ... awful. Let's get out of here. I don't want to eat any more, but thank you.
- Nga:** Don't worry.

Survival guide: island dangers

- Man:** So Nga, this seems like a pretty inhospitable island. What do I need to worry about in terms of creatures that might attack me or harm me?
- Nga:** Right in here, inside the inland, you know, there's centipedes. You know, it's about that long.
- Man:** Do they, do they bite?
- Nga:** Of course they bite!
- Man:** What about in the sea, 'cause that can't be too bad. It looks so beautiful out there.
- Nga:** It looks beautiful but there's some dangerous species in there. It's called stonefish. And you step on it, for your size, you'll probably die.
- Man:** What? Death, just because of my size? That's like discrimination!

Survival guide: how to shimmy up a coconut tree

- Man:** Anyone who's hanging out on a desert island needs to know how to climb a palm tree, you know. So, maybe you could show me that.
- Nga:** Ok, no worries. So, put one foot there, left and right. And this is how the position is going to be – like that. Ok? And that really will hold you. You won't slip. Give it a go, mate.
- Man:** There, there... Got it, I got it!
- Nga:** Yep!
- Man:** Ok! Now we're motoring! Ok, that's as far ... I think that's as far as I can go. How do I ... how do I get down? Nga? Nga! Nga ... ?

Survival guide: how to go to the toilet

- Man:** So Nga, I need the loo. I'm pretty, I'm pretty desperate. So how do I ... I mean, do I need to dig a hole?
- Nga:** What you have to do is actually, er, ... you know, as long as the hole is actually past your ankles, that should be alright.
- Man:** When I've finished, what do I use for ... ?
- Nga:** Ok, you use a hibiscus here, right here.
- Man:** Oh, lovely!
- Nga:** There you go.
- Man:** Oh, it looks a bit rough.
- Nga:** This one is, kind of, you know, slippery.
- Man:** Oh, it just spreads it around?
- Nga:** That's right.
- Man:** That's disgusting!
- Nga:** So, yeah. That's right.
- Man:** Dude, to be honest, I actually, I need to go. So maybe if you could, er, give me a little bit of privacy, 'cause I'm going to...
- Nga:** Ok, I'll leave you alone.
- Man:** Thanks, man, thanks. Sorry, er, maybe you can go as well? 'Cause I'm going to ...
